this volume is the first tangible result of an international project initiated by the international institute for asian studies iias with the aim of compiling a bibliographic database documenting publications on south and southeast asian art and archaeology the bibliographic information over 1 300 records extracted from the database forms the principal part of this publication it is preceded by a list of periodicals consulted and followed by three types of indexes which help users to find their way in the abia south and southeast asian art and archaeology index abia index the detailed bibliographic descriptions controlled keywords and many elucidating annotations make this reference

work into an indispensable guide to recent scholarly work on the prehistory and arts of south southeast asia

vols for 1871 76 1913 14 include an extra number the christmas bookseller separately paged and not included in the consecutive numbering of the regular series

this book contributes new theoretical insight and in depth empirical analysis about the relationship between transnational legality state change and the globalisation of markets the role of transnational economic law in influencing and reorganising national systems of governance evidences the constitutional dimensions of global capitalism the power to institute new rules and limits for national states this form of new constitutionalism does not undermine the state but transforms it by eroding national capacities and implanting global alternatives while leading scholars in the field have emphasised the much needed value of case studies there are no studies available which consider the cumulative impact of multiple axes of transnational legal ordering on the national state or its constitution this monograph addresses this empirical gap whilst expanding the theoretical scope of the field mongolia s recent transformation as a mineral exporting country provides a rare opportunity to witness economic and legal globalisation in process based on careful empirical analysis of national law and policy making the book traces the way distinctive processes of transnational legal ordering have reorganised and reframed the governance of mongolia s mining sector specifically by redistributing state power in relation to the market sub national administrations and civil society the book investigates the role of international financial institutions multinational corporations and non governmental organisations in normative transmission as well as the critical role of national actors in embedding transnational investment norms within the domestic legal and policy environment as the book demonstrates however the constitutional ramifications of transnational legal ordering extend beyond the mining regime itself into more fundamental questions of the trajectory of state transformation institutionally and ideologically the book will be of interest to scholars of international law global governance and the political economy of development
